

*I was born and raised in Washington, D.C.; now residing in Upper Marlboro, Maryland, a suburb about 20 minutes outside of D.C., with my husband of 13 years and our two beautiful sons, Reynaldo, Jr., 13 and Reyshawn, 7. These three special people are the reason for my existence.*

*During the day I have an immigration enforcement career as a Special Assistant for the Fugitive Operations Division within Immigration Customs and Enforcement (ICE), which is an agency under the U.S. Department of Homeland component. Having an Associate Degree in Business Administration, I obtained most of my business like and organizational skills as part of various management teams at my job.*

*During my evenings and nights, I am the President of National Twilight Night, Inc.*

*Just like most fans, Twilight has indeed changed my life in more ways than I could ever imagine when I first picked up Twilight to read.*

*I found Twilight through a scheduled family movie night when my husband brought home the movie for us to watch. That was all she wrote! The next day I borrowed my co-worker's Twilight and New Moon books, followed by me purchasing Eclipse and Breaking Dawn. I finished all four books in four days.*

*Because I was lonely in my Twilight journey and wanted more, I started National Twilight Night in February of 2013. It was only supposed to be a one night, one-time event, to bring together like-minded Twilight fans for night of Twilight fun. From there National Twilight Night has evolved from a Facebook group to a non-profit organization. Recently incorporated in May of 2015 as NTN, Inc., our mission and purpose was revamped to reflect that we are now involved in both Twilight and non-Twilight matters.*

*Since founding National Twilight Night, Inc. my Twilight journey has changed significantly. Through NTN I have found a much deeper love and understanding for Twilight. It has become part of my daily life. Through NTN, I have also found a flood of Twilight sisters who share my sentiments about beloved Twilight. Without NTN, my Twilight journey would probably not exist.*

*I am currently the President of National Twilight Night, Inc. and my purpose is to oversee the operations of the NTN Sisterhood, NTN Loft and the organization overall. As the President and Founder of NTN, Inc. my vision for the organization is to continue to keep Twilight close as we expand on our mission of social responsibility and giving back to a national level.*
